Worksheet 10

Self-evaluation sheet

Instructions:

- Honestly and critically self-evaluate your worksheet. Dishonest or missing self-evaluations will result in a zero for the entire assignment.
- Mark the correct box per question in the table below.
- Write the total number at bottom and *always round up*.
- Include this sheet as the first page to your homework submission.

Descriptions:

- *Incomplete* – The problem was not attempted or completed (0)
- *Complete with incorrect answer* – The problem was completed and the answer reflects the work shown. However, the answer does not match the correct answer. If the question does not include an answer, make your best guess. (0.3)
- *Complete with correct answer* – The problem was completed and the answer reflects the work shown. The answer matches the correct answer. If the question does not include an answer, make your best guess. (1)

Question	Incomplete (0)	Complete with incorrect answer (0.3)	Complete with correct answer (1)
